

Financial insights from someone that understands your numbers!

As your trusted accountant, FinCare is uniquely positioned to provide you with a financial health check of genuine value

WE DON'T BELIEVE IN GUESSWORK

Using our detailed process and exclusive calculation tool, we'll provide you insights to help you better understand your financial position and more importantly, areas of focus to help you achieve not only your financial, but your lifestyle goals.

TIMING IS EVERYTHING

We strongly recommend the health check is done at or around the same time as your annual tax return. This ensures we have the very latest financials.

VALUE GUARANTEE

We charge a nominal fee of \$180 which helps cover our costs and is, of course, tax deductible. This said, if you don't feel the information we provide adds value to your financial position, we will happily refund your money!

AREAS OF FOCUS

The health check will help us, help you across areas including:

- Identifying areas of financial strength or weakness
- Identifying spending and saving patterns and how they can be improved
- Identifying the right home loan structure for your needs
- Identifying if you have the right risk (insurance) coverage
- Identifying if you are adequately prepared for retirement

GET YOUR CHECK DONE NOW!

Now is tax return season so if we have completed your return or will be doing it over the coming months, ensure you engage our financial health check to maximise your financial position.
